

17. Time Cards and Computation of Work Time

(a) The employee's classification and wage schedule, starting and finishing time, deductible meal periods, rate changes and penalties, if any, shall be shown on his time card. Any items changed after time card is approved must be reviewed by the employee.

(b) Work time shall be computed from time ordered to report at department headquarters until dismissed at department headquarters.

(c) The IATSE and an individual Producer may agree to relocate the time clock at a place other than an employee's department headquarters. The IATSE shall not unreasonably deny a request for relocation; provided, however, not more than one such request shall be made during the term of this Agreement. In the event of a dispute as to relocation of a time clock, the matter shall be submitted to the President of the IATSE and the President of the AMPTP for resolution.

When a designated time clock is established at a place other than an employee's department headquarters, work time shall be computed from the time the employee is ordered to report to the designated time clock location until dismissed at same location. Employees shall be given sufficient time to travel to and from such designated time clock and their department headquarters and work site.

(d) All time shall be computed in one-tenth hour (six minute) periods.
