

39. Travel Time, Work-and-Travel Conditions and Pay Provisions

(a) An employee (other than an "on call" employee) who is transported by airplane, train, bus or other private or common carrier by the Producer to distant location on any day of the week (including holidays) and who is not required to work on such travel day shall receive an allowance of four (4) hours of pay at straight time or pay for time traveled, whichever is greater, but in no event more than eight (8) hours of pay at straight time. "On call" employees who travel only to or from distant location shall be paid an allowance of one-sixth (1/6) of the scheduled minimum weekly "on call" rate for any day so traveled.

(b) No clause.

(c) Travel-and-Work or Work-and-Travel

Travel time within the minimum call shall be paid for as work time and computed towards the commencement of Golden Hours, but shall not be paid for at the Golden Hour rate. If travel time occurs outside the minimum call, it shall be deemed to be "work time," but shall not be used in determining the commencement of Golden Hours. However, travel time occurring outside the minimum call and between the hours of 6:00 p.m. and 6:00 a.m., when sleeping accommodations are provided, shall not be deemed to be travel time or work time.

For example - (applicable only when the minimum call is nine and one-half (9½) hours):

(1) On day of departure, employee travels ten (10) hours, then works five and one-half (5½) hours. All hours are deemed work time and fifteen (15) hours are computed toward Golden Hours.

(2) On day of return, employee works eight (8) hours and travels seven (7) hours. All hours are deemed work time but only nine and one-half (9½) hours are computed toward Golden Hours.

(d) Other Travel Provisions

(1) Distant location working conditions shall apply on the day of departure, day of return and intervening days.

(2) Local Travel Time

There shall be no deduction from work time for local travel time on distant locations. For the purposes of this Paragraph, "local travel time" is defined as the actual time consumed at the beginning and end of each day's work in transporting the employee to and from the housing base at distant location and the shooting site or place of work.

(e) Time Spent Waiting to Travel on Day of Departure from Distant Location

On the day of departure from a distant location, when sleeping accommodations at the location are not available to the employee after 9:00 p.m., time spent after 9:00 p.m. in waiting for transportation, when the minimum call is not in effect, shall be compensated for as an allowance.

(f) Travel Insurance

The Producer shall provide accidental death insurance in a sum not less than one hundred thousand dollars (\$100,000) for the benefit of the employee's designated beneficiary when the employee is required to travel at the request of the Producer in transportation furnished by the Producer.

Employees shall be permitted to fill out a form specifying a beneficiary. Such form shall be filed with the designated representative of the Producer.

An employee, by refusing in good faith to travel by airplane, will not jeopardize his future working opportunities on assignments which do not require travel by airplane.

(g) Truck Travel

An employee required to ride a truck and assigned to and responsible for the care of the cargo in transit shall be deemed working and not traveling for the purposes of Golden Hours.
